Hello Tony! Cici asked me to email you to let you know that TK replaced the Thermostat over at Humboldt Place. The way things look right now it seems to have fixed the problem. We haven't had it shut down or behave badly in nearly 2 weeks. We are so happy!!!! And we wanted to thank you for all your hard work in helping us get to a place where a resolution could be found. Without your feedback we might still be spinning our wheels. Again, thank you so very much. You are greatly appreciated!!
